<b>3x5 Index Cards</b>							1

## BRING YOUR OWN DEVICE (BYOD) PLAN FOR 2023-2024 AND BEYOND

- **K-2<sup>nd</sup> grade students** may need access to a device at home, such as a tablet, laptop, or desktop. K-2<sup>nd</sup> grade students are not expected to bring their devices to school.
- **3<sup>rd</sup>-6<sup>th</sup> grade students** will need a fully charged laptop with charger to be used both on-campus and at home each day. Charging your device nightly is highly recommended.
  - Although these students may not be using their personal devices every day in every class, it is important that they have their device & charger with them so that they are prepared to do so. It is recommended that students have a second charger that is available at home and in the classroom. *Please label all devices and chargers.*

### ***REQUIRED STUDENT MINIMUM DEVICE SPECIFICATIONS***

To streamline tech support and ensure all devices are operating properly, it is strongly recommended that students acquire a Windows device as there is limited support for MAC & Chromebook devices.

- Hardware:
  - Windows based device (laptop or surface)
    - 4G RAM
    - 128G Hard drive
- Software installations:
  - Windows 10/11
  - Google Chrome web-browser
  - Windows Defender Antivirus (build into Windows software)
  - Microsoft Office 365 Suite, accessible at no cost using an SCS email account
- Headphones, per teacher instruction
- Power adapter; second charger recommended for home & classroom use
- Protective Case/Cover/Bag

### ***SCHOOL-ISSUED DEVICE AVAILABILITY***

SCS has purchased a small number of laptops for use as loaner devices for families that need one. Due to limited availability of these school-issued devices, priority will be given to requests in the order they are received. If you determine your student will need a school-issued laptop, please send an email to [SCS Tech Support](#) to submit your request. Families are responsible for the loaner devices and any damages/loss incurred. In addition, there will be a monthly technology fee of \$25 per device added to student accounts.
